New for Equipment Profile in R6V07

Next/Change/Previous Navigation Icons in Equipment Profile

Three navigation icons have been added to the Equipment Profile display screen, allowing the user to scroll to the next or previous unit as shown on the prior listing screen. The left arrow allows the user to scroll to the previous item; the right arrow allows the user to scroll to the next item; and the icon between the left and right arrows brings up the equipment search window.

Inventory Machine Details

Identify Internal Units

Internal units can be identified by checking the "Internal" check box in Equipment Profile. This can be used to identify internal units that are not for sale, such as service trucks or company vehicles.

By identifying a unit as Internal, it can be excluded from various screens or reports such as the Inventory Summary view in the dashboard.

Machine Profile - BM20087

Added: 11/26/2008 Modified: 02/05/2009
