

More Services and Solutions

ADP PC Complete Care

A proactive solution to keep your business running, reduce IT expenses, and increase employee productivity

Key Benefits

- Reduce IT expenses
- Help increase security against viruses and intruders
- Increase employee productivity by limiting downtime

For just pennies per day per user, ADP PC Complete Care can help increase employee productivity and reduce your overall desktop support cost.

ADP offers complete system support for your PCs. Whether you purchased your equipment from ADP or not, **ADP PC Complete Care** helps keep you and your employees connected to your DMS, Internet, and manufacturer communication systems – and focused on your daily business.

We provide a single-source solution aimed at reducing your IT expense, protecting your business and increasing employee productivity.

ADP Provides a Complete Set of Services to Manage and Care for Your PCs.

While You Focus on Your Business, ADP will Focus on Caring for Your Business Systems.

Ask yourself:

- How much are you spending today to support your PCs?
- How much time are you spending tracking down and resolving PC-related issues?
- What does PC downtime cost your dealership in lost sales and productivity?
- Does your current provider offer the same level of support?

Powered By

By combining our two companies, PFW and ADP can now offer the largest and most comprehensive selection of products and services to equipment dealers worldwide. These cost-effective, leading-edge solutions have been developed by ADP to help grow your dealership business. Backed by ADP, you can expect the same quality and reliability you have come to expect from PFW.
